Whereas we of the Church and Town of Eastham have been for a considerable time (since the death of our Reverend pastor Mr Samuel Treat) destitute of an established gospel minister to dispense the word and ordinances of God according to gospel rules and order and having solemnly and seriously as we hope (and as we account it our duty) recommended our selves and that concern by prayer and supplication, and application to y^e great lord of y^e harvest to send forth labourers into this harvest yard and whereas by y^e good providence of our gracious Lord we have been (as we humbly hope) so far directed in this affair as to invite and give a call to Mr Samuel Osburn to come unto us who hath for about the space of half a year dispensed the word of God unto us to our general satisfaction. So that we now think it our duty to make further motion in that matter in order to give him a more effectual call to the sacred work of the gospel ministry. Therefore the Brethren of the Church of Christ in Eastham being the greatest part of them (upon due notice given) met to gether on the nineteenth day of May anno domini: 1715 did there (as we thought it our duty) make choice of Mr Samuel Osburn to be y^e pastor of the Church of Christ in Eastham and the minister of the said Town. in order that he may be in due time solemnly (according to gospel order) recommended and established in that ~~work~~ ^{sacred} work of the gospel ministry. This was voted by a unanimous agreement and concurrence of the Brethren of the Church and desired to be communicated to the Town and recommended for concurrence.

to the Church and inhabitants of the middle society in
Eastham hovers and beloved

Having some time had under consideration the many
murmurous affare of settling in the ministry among
you I am com to a conclusion to undertake it by Divine
help provided I may be in a capacity to give myself wholly
to it and in order hereunto as I accept the settlement and
salary voted by the present so I would make the following
reasonable proposals next that six cords of pine wood be added
to what is voted that the pasture lands be mowed and kept
capable of improvement by fencing and repairing of fences
as there may be need that I have the liberty of keeping some
sheep upon the commons as also every mans labour with
his horses and team one Day in a year in such a manner
as you shall agree upon which may be sufficient for my
tilleg and giving the lay and so may help to ballance the great
charge of building and repairing in this expensive place
provided moreover I can obtain a habitation and place conveni-
ent for my residence and you remain possible and unanimous
as also that if I should be taken away from my family you
engage to purchase my real estate here which I conceive they
must of necessity Dispose of as indifferent Judges may determine
and that you be at the charge of transporting them and their
estates to Boston upon such Considerations as the case I offer
my self under the great shadow to the service of your sales
always expecting that you make my interest your care and
that you endeavor to listen my burden intreating that you
ever strive together with me in your prayers to God for
me that I may find mercy of the Lord to be faithful
and that you form your sincerest endeavors with your fervent
prayers that I may not run in vain wither labour in
vain

the first Record of the town of Eggleston 1731

July the first day 1718 For as much as the Inhabitants of the Town of Eastham are made deeply sensible by woeful experience of the great damage that happens to persons generally in D Town by horsekind going at large on the common or undivided lands in D Town not being sufficiently followed by breaking into meadows and other inclosures though well fenced to the great damage of the publick: and for the better protection of D Town having had particular directions or instructions for the law direct to make some necessary rule order or by-law for the managing the prudent and fair of D Town relating to horsekind: Judging it will be conducive to the peace welfare and good order of D Town. Do therefore order and determine that hence forward for the space of three years next coming no horsekind shall be suffered or allowed to go at large within the Township of Eastham on the common or undivided lands in D Town or in the lands of any particular person or persons in D Town other than the land of the owner or owners of such horsekind without being sufficiently followed so as to prevent such horse or horsekind breaking into Inclosures. And that if any horse or horsekind be found going at large as above D within the Township of Eastham from and after the last day of April: annually during D Term until the last day of October annually during D Term that they the D Horsekind shall then be counted & adjudged Damages for want and it shall and may be lawful for any person or persons to take up such horsekind and impound the same and every person so impounding any horse or horsekind shall be paid by the owner thereof for his pains and trouble one shilling or head for each horsekind so impounded and also that the owner of such horsekind do pay unto the pound keeper two pence for each horsekind so impounded. And that the Generall laws of the Province be duly attended before to notification given of such horsekind being impounded and provision for them made and that the same proceedings as the Generall laws of the Province direct unto may be attended for the appraising and disposing of D horsekind so impounded for paying the charges arising thereupon as above said. And whereas the beach called Naugat beach and the beach called Rocky beach are the only walls of security to keep off the insultring waves of the Atlantic Sea from destroying all the meadow-grounds within D Beaches: and horsekind troding thereon and feeding down the beach grass growing on D Beaches in the winter seasons of the year as well as in the summer seasons of the year is found to be very hurtfull to D Beaches and is the only cause of the winds driving away the sand in places that the main sea now begins to run over D Beaches in many places and is not timely remedied will sweep away and cover up some hundred pounds worth of meadow ground in a little time. For Remedy whereof we the Select men of D Eastham do also further order and determine that hence forward no horsekind shall be allowed at any season of the year and at no time during the above said ~~term~~ ^{year} to go at large on either of said beaches without being sufficiently followed and if found otherwise thereon then to be accounted Damages for want and to be proceeded with as above said and the owner thereof liable to suffer as is above said in every respect. which rule or By-laws shall be and remain in force power and virtue for and during the space of three years next after the date above said and no longer unless the D Town see cause to revive the same.

These By-laws or Town orders were presented to the Court of Generall Sessions of the peace holden by ad Jownment at New Bedford for the County of Barnstable on the 19th day of August 1718 and by D Court allowed & approved. Attest Wm. Russell Clerk.
